Dear Mike,

**Re: Refurbishment of Sandy Balls Holiday Centre – Phase 2**

You will be aware that this afternoon sectional Completion was certified for the Valencios / Management offices section of this Contract.

This has come about due to the cooperation and teamwork including our site management and all subcontractors involved. Thank you for your Company's efforts and commitment.

Generally this commitment was also demonstrated by the speed the information was collated and provided for the Health & Safety file / Manuals. Again thank you for your prompt attention.

The above is encouraging as we all work together to achieve handover of the Bistro, Retail Building and external works in late June this year.

Thanks in anticipation of your continued commitment and support.

Regards,

Yours sincerely  
**For Cowlin Construction Ltd**

Chris Daish  
Area Manager
